Description

The 5-floor building consists of various types of apartments such as studios, singles, 2 & 3-bedroom apartments, and a penthouse on the top floor of the building. All apartments in the project have been designed to offer future owners a comfortable life in the city, anticipating their needs, but at the same time creating the warmth of an ideal apartment. The architectural firm has based the design of the building on simple and geometric lines, with clean forms and materials, paying special attention to ergonomics and the creation of comfortable spaces.

The impressive building can be an excellent choice for those looking for a new home, but also for those interested in a future worthwhile investment. Located in a quiet, residential area near the Landmark (former HILTON HOTEL).
