Description

This modern, eco-friendly housing project combines a great location with stylish aesthetics and modern conveniences. It is located in Lakatamia close to E' Primary School and behind the Municipal Stadium of Lakatamia, providing an easy access both to all amenities and the main highways.

The project consists of twenty-five sleek, individually designed, gated residences, each with their own unique characteristics, distinctive features, and a whole host of optional add-ons, giving you the freedom to customize your future home and make it your own. Extra customizations include: adding a roof garden or installing a private pool in your garden. For young families we propose a home that makes sense now and in the future, offering you the flexibility to expand your home further down the line, and take advantage of unused building coefficient if needed.

This project is an environmentally conscious development, designed and built responsibly, and certified with the highest current EPC energy efficiency rating, to ensure your consumption and carbon footprint are minimized.

Provisions for photovoltaic system, underfloor heating, A/C units, alarm system and many more.

Phase A will consist of 15 houses and Phase B of 10 houses.

VAT not included in the price.
