Description

This one-bedroom apartment in Egkomi is currently under construction, with completion set for 2027. The 53 square meter layout places the bedroom and bathroom alongside a modern living and kitchen area, giving the space a clean, efficient footprint for its size.

The unit sits on the first floor of a two-story building served by an elevator, and it is delivered unfurnished, giving a buyer a blank space to furnish and finish to their own taste. As the building is still under construction, the property is being sold ahead of completion rather than as a finished, move-in-ready home.

Egkomi places the apartment within this established area of Cyprus, close to the everyday rhythm of the neighborhood's streets and blocks.

The asking price is 160,000 EUR, plus VAT.
