Description

This furnished apartment in Latsia sits on the first floor of a two-story building with elevator access, and opens onto a city view that changes with the light through the day. Built in 2012, the 83 m2 layout is finished and ready to move into, with one bathroom serving the living space.

The apartment comes fully furnished, so a tenant can move in without sourcing furniture or major appliances. Its position near the highway makes it straightforward to reach other parts of Nicosia by car, and the surrounding amenities mean daily errands do not require a long trip.

Latsia is a municipality on the edge of Nicosia, on the flat central plain of Cyprus, and its built fabric is largely modern, made up of low-rise apartment blocks and detached housing rather than a historic core. A settlement of this size and character typically has its own shops, schools, and everyday services within easy reach, alongside the wider services of the capital nearby. For someone renting here, that combination means access to both a self-contained local area and the larger city just beyond it.

NO PETS ALLOWED.

Common expenses are included in the price.
